

Dear Third Grade Families,

I am so excited to be your teacher for the upcoming 2018-2019 school year! I have spent most of the summer thinking about new and creative ways to learn in the classroom. I wish I was with you enjoying a cool treat this evening, but I am on vacation with my family. I hope you all have had a wonderful summer thus far. If you haven't already, please check out my website. It is the best way to stay updated about what is going on in my classroom. I have lots of links for parents to see what we are learning for the year. I love putting videos and games on there for students to review and practice the standards we are learning. I can't wait to partner with you and help your child learn and grow. It is going to be an amazing year as we COMMIT to Christ! I look forward to meeting you at Open House. BCA will be hosting another \$1 book fair that night. I have spent the summer collecting books to promote reading fluency and stamina. As a back to school gift for each 3rd grader, each student will receive one free book! If you haven't figured it out yet, I love reading.

Please be sure to put curriculum night on your calendars (August 20 from 5:30 to 6:15). Third grade is an important transitional year, so I will be going over a lot of curriculum learning ad expectations. I am so excited to be teaching math this year. We do a lot of hands on project-based learning in the classroom. I look forward to telling you all about it!

For His Glory,

Mrs. J. Kennedy

3rd Grade Supply List
